## Education

### Kotwal National Institute of Teaching

Higher Secondary School Certificate (HSSC)

Jammu, Jammu and Kashmir

Aug. 2019 – Jun. 2020

### Maharshi Dayanand University

B.Tech in Computer Science and Engineering (AI and ML)

Rohtak, Haryana

Sept. 2020 – May 2024

## Experience

### RPA Developer

TSP- The Silicon Partners Inc.

Jul. 2024 – Present

Noida, Uttar Pradesh

- Designed and developed end-to-end RPA solutions using **UiPath** and **Power Automate**, automating complex workflows across **SAP** and **Salesforce**.
- Handled test automation, data labeling for ML models, and client interactions, ensuring seamless integration and support.
- Managed client interactions and automation support, ensuring smooth workflow integration and troubleshooting.

### Research Scholar

SAITM College

Feb. 2024 – Apr. 2024

Gurugram, Haryana

- Conducted a comprehensive analysis of Duplicate Node Detection Methods for Wireless Sensor Networks, identifying and implementing solutions that increased network efficiency by 25 percent and reduced data redundancy by 40 percent
- Developed a distributed node replica detection technique for both mobile and stationary WSNs.

## Projects

### QuidelOrtho | *SAP, UiPath, Machine Learning*

Oct. 2024 – Present

- Designed and developed end-to-end automation solutions from scratch using **UiPath** and **Power Automate**.
- Conducted comprehensive testing to ensure accuracy and efficiency in **SAP** automation.
- Performed **data labeling** for an **ML model**, improving automation capabilities.
- Leveraged Git and GitHub for version control and team collaboration.

### Quantum Phase - II | *SalesForce, Uipath, SAP, API*

Jan. 2024 – Present

- Developed **process automation** and **test automation** solutions using **UiPath**.
- Worked extensively with **Salesforce** and **SAP** to streamline business operations.
- Handled **client calls** to gather requirements, provide updates, and ensure smooth automation implementation.
- Conducted **data labeling** to enhance machine learning model performance.
- Provided **automation support**, troubleshooting, and optimizing workflows.

## Technical Skills

**Languages:** Python, SQL, JavaScript, HTML/CSS

**Automation & Tools:** PUiPath, Power Automate, Salesforce, SAP, Git, Docker, Google Cloud Platform, VS Code, Firebase

**Technologies:** Machine Learning, Artificial Intelligence, Data Analysis, Robotic Process Automation (RPA), Machine Learning, Artificial Intelligence, Data Analysis, Test Automation

**Frameworks:** React, Node.js, Express.js, Material-UI, Tailwind CSS

**Tools:** Git, Docker, Google Cloud Platform, VS Code, Firebase

**Libraries:** pandas, NumPy, Matplotlib, scikit-learn, BeautifulSoup

## Soft Skills

- Effective Communication
- Team Collaboration
- Problem-Solving
